

39th National Narrow Gauge Convention

September 4-7, 2019 Sacramento, CA

Clinician

We are pleased to invite those modelers who wish to give a clinic to fill out this form for consideration of being selected. All clinics, including any discussion time, must be concluded in 55 minutes to allow time for attendees and presenter to clear the room and get to the next clinic. If your clinic is too long for a one-hour space but will fit into 2 one-hour spaces, accommodations can be made. If you have more than one clinic topic, please list them. Clinics are customarily presented twice. In addition to audience seating, each clinic presentation room will be equipped with a 2.5' x 8' table with two chairs, a microphone, laptop computer with Windows 10 and Microsoft Office Power Point, digital projector, projection screen, and a laser pointer. It will be helpful for you to provide a copy of your presentation in advance so that it is tested and ready, or you can use your own laptop and cabling to interface with the Epsom model HC-1040 projector (USB or HDMI). Any questions should be directed to Dick Patton, Clinics Chairman. Once the form is filled out it can either be scanned and emailed to NNGC2019Clinics@outlook.com or mailed to 39th National Narrow Gauge Convention, P.O.Box 3625, Citrus Heights, CA 95611. Along with this form you need to register as an Attendee or a Vendor for the Convention.
